

# Mathematics Toolkit: Grade 5 Objective 3.C.1.b

Student Handout: Mathematics: Grade 5 Objective 3.C.1.b

Standard 3.0 Knowledge of Measurement

Topic C. Applications in Measurement

Indicator 1. Estimate and apply measurement formulas

Objective b. Determine area

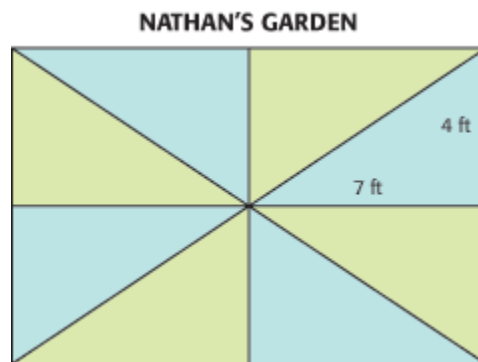

Assessment Limits:

Use rectangles and whole numbers (0 – 200)

Selected Response (SR) Item

Question

Nathan divided his rectangular garden into 8 sections that are the same size and shape.

What is the area of the whole garden?

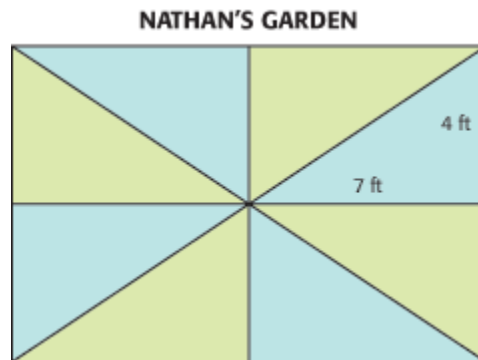

- A. 28 square feet
- B. 44 square feet
- C. 112 square feet
- D. 118 square feet

Correct Answer

- C. 112 square feet

## Question

Nathan divided his rectangular garden into 8 sections that are the same size and shape.

What is the area of the whole garden?

- A. 28 square feet
- B. 44 square feet
- C. 112 square feet
- D. 118 square feet
